EXPERIENCE

Chemistry Analyst | ICU Medical - Austin, TX

06/2022 - 10/2024

- Developed LC-MS and HPLC methods with GLP documentation to improve accuracy and compliance
- Performed HPLC testing of polymers for stearyl, cetyl derivatives, and DEHP, managed prep, analysis, and reporting
- Trained junior analysts to enhance technical skills and team efficiency
- Implemented safety protocols for hazardous materials, ensuring regulatory compliance

Technician | Walgreen's Pharmacy - Round Rock, TX

08/2021 - 05/2022

- Processed 150+ prescriptions daily with 99% accuracy.
- Reduced instrument downtime by 20% through proactive calibration and repair.
- Trained 5 junior analysts, improving team efficiency and accuracy.
- Managed scheduling for 10+ pharmacy staff, ensuring full coverage and reducing overtime costs.

- Performed wet analysis (Karl Fischer, IR, pH meter, colorimeter) on pharmaceutical products, documenting results in LIMS for compliance
- Operated, calibrated, and repaired lab equipment to ensure accuracy and reduce downtime
- Conducted testing, data analysis, and reporting per SOPs, and batch records
- Analyzed products for purity and quality in line with regulatory standards

CareerFoundry - Austin, TX

09/2025

Bootcamp: UX/UI

Gujarat University - Gujarat, India

05/2011

Master of Science: Chemistry

Saurashtra University - Gujarat, India

05/2008

Bachelor of Science: Chemistry

UX/UI PROJECTS

SaveIt – Money-Saving App

Applied skills in UI/UX design, wireframing, and visual identity creation.

Built a personal savings app to help users set goals and track progress. Delivered through wireframing, prototyping, and testing using Figma and usability testing tools.

Money Saving App

Gigglegram – Baby Tracking & Milestone App

Completed an intensive project-based program focused on UX research, interaction design, prototyping, and usability testing.

Designed and developed a mobile app for parents to log feeding, sleep, and diapers while accessing milestone and play activity guidance. Delivered through user research, personas, wireframes, prototypes, and usability testing using Figma, FigJam, and Miro.

Baby Tracking App

Recipe App – Find, Cook & Share

Focused on recipe discovery and user engagement.

Created a recipe app that allows users to filter recipes, follow step-by-step instructions, and share their own creations. Process included user flows, wireframes, prototyping, and visual design using Figma.

Recipe App

TOOLS

- Figma
- Sketch
- Adobe XD
- InVision
